Analysis of Treatment Response Data from Eligibility Designs

The 11th annual Australasian Labour Econometrics Workshop has been made possible by the generous support of the ANU College of Business and Economics and the Economics Program in the Research School of Social Sciences, ANU. The conference is organized by Bob Breunig and Andrew Leigh, and is presented by the Economics Program, and the 'Productive Australia in the World Economy' Theme of the Research School of Social Sciences. There is no charge to attend, but for catering purposes, participants are asked to email their details to sean.downes@anu.edu.au by 11 April 2008.

On Sunday 27 April, we will be organizing a hike to the top of Mount Kosciuszko, the highest mountain in Australia. Please contact robert.breunig@anu.edu.au if you would like to join us.
